Being Grateful

Dear valued partners and supporters,

It is a new financial year. I am filled with excitement and gratitude for the incredible journey we have embarked on together.

This year, our focus is on 'innovation' and I am thrilled to see our partners embracing this spirit. From the 'Walkathon for a Cause' in Singapore to the 'Music for Meals' charity concert in Bengaluru, we are well on the path of leveraging new avenues to drive our mission forward.

Moreover, through innovative solutions, sustainable practices and collaborative efforts, we aim to enhance our service delivery, reduce our environmental footprint, and ultimately, make a greater impact on the lives of the children we serve.

Every meal served, every partnership forged and every sustainable practice adopted brings us closer to giving a better tomorrow to our children. I look forward to continuing this journey of innovation and impact with all our partners and stakeholders, empowering children every day to pursue their dreams and create a brighter future for themselves and their communities. Once again, thank you for your unwavering support and commitment.

**With heartfelt gratitude,
